GRANITEVILLE MANFAC-TURING COMPANY. AVE commenced operations in their

Cotton Factory and are desirous of obtaining the services of about Three Hundred additional White Operatives principally Girls, ahove the age of fourteen; and also Thirty Ma-trons to take charge of their Boarding Houses.

As the company intend to establish and maintain a most exemplary state of morals in the place, any young lady whose circumstances require that she should later for a support, may engage as a weaver, spinner &c. at lucrative wages, and with the most perfect assurance that they will not lose caste by such employment, and a temporary residence at Graniteville. No person will be received in to the service of the Company, who cannot bring the best testimonials as to their moral character, and none will be permitted to re-

Two Churches are erected. School houses will be provided, so that all may obtain either a plain or classical education. All families in he employ of the Company, as well as residents of the place, will be required to keep constantly at school all children under the age

of thirteen.
Neat and comfortable Boarding Houses will be furnished at a low rent; also good dwelling houses to families who can supply four effec-tive hands from their own domestic circe, or who will take that number as Boarders. The rate of Boarding will be low and will be fixed by the Company. The above named houses, therefore must not be regarded as sources for making money, but as affording excellent situations for widow ladies who are in indigent circumstances, and who have children to rear and educate, such having the advantage of competent instructors free of charge. Instances have occurred in which families have availed themselves of similar circumstances, to plocure the rudiments of education for their boys while through the industry of their sisters they were afterwards enabled to obtain a collegiate education, thus fitting them for occupying the

highest position in society.

It is the object of the Company to benefit the State by giving employment to be deserv-ing poor, but, it is also a primary object to ob-tain interest for the capital expended in these works, they will not permit their houses to be occupied by any who cannot or wil not tense der themselves useful. They wish it to be distinctly understood, that Graniteville is not a place of refuge for those who are incapacita-ted from any cause, for obtaining their living by industry.

They would also state, that the Natrons al-

luded to must be such persons, as rometheir education and standing will exert a proper in-fluence in the mental and moral cuture of the

females under their care. It is hoped and enroestly requested, that all who feel an interest in the progress of manufactures in our State, in the wellire of the poor, and such as have a knowledge of this institution and the persons who as engaged in this enterprise, will use their bet efforts to irculate the contents of this circula; that the ninds of all, who ought to engage with us, may he directed to Graniteville, where comforta-ble home, and the means of educting their children may he secured.

WORMS! WORMS! WORMS! Dr. Jayne's Tonic Vermifuge.

THE most pleasant as well us the most certain remedy for Worms; which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destrovs Worms, neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent tonic, and is therefore exceedingly beneficial in intermittent and remittent fevers, indigestion. &c., and is a cer tain and permanen. cure for FEVER and AGUE. It not only destroys Worms and invigorates the whole system, but it dissolves the superabundant slime or mucous so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucons forms the bed, or nest, in which worms pro duce their young; and by removing it, it impossible for them to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no worm Numerous certificates of its are discovered usefulness have been received, which the pro-

JAYNE'S AGUE PILLS.

N recommending these Pills to the public, In recommending these runs to the proprietor coes not wish to make any unnecessary or tedious perambulation, but with full directions and a few important remarks, he will leave the medicine to speak for itself, feeling confident that its merits are such as wil not fail to bring it into general use; in deed, he is so sanguine of the efficacy of those Pills, he does not he sinte to guarantee a cure in the most aggravated cases. A speedy and permanent cure for FEVER &

AGUE and Intermittent Fevers.

By foll wing the directions closely while ta. bound, and besides being the neatest and most king this preparation, its superiority over the accurate Calender printed in the United States, ordinary Tonic Mixtures, Pills, &c. will be

readily discovered.

Being purely vegetable, free from all foreign deleterious or mineral preparations, these pil may be taken with the utmost safety under at most any circumstances. They strengthen the stomach, invigorate the system, and entirely prevent that langor and prostration of strength

They also possess a decided superiority ov in being gently apperient, by this means car-rying themselves off through the medium of the bowels after they have spent their medicinal powers in the stomach thus preventing the accumulation of those unpleasant symptoms that almost universally follow the application of the aforesaid medicines, which constring the bowels, produce congestion of the liver, and remain in the system to broad diseases more dangerous than those they are employed to subvert.
Hence it is said that those remedies in the

majority of instances only serve to suppress the disease for a short period, while the ease still in his system is brooding new evils, and soon developes itself in a more dangerous form than at first; thus the necessity of a med icine possessing the qualities of Dr. JAYNE'S AGUE PILLS, that can be applied without fear of experiencing those evil effects before alluded to, and with a full confidence of receiv ing a speedy and radical cure.

COMPOUND EXTRET OF SARSAPARILLA.

WONDER AND BLESSING OF THE MORE THE THE MOST EXTRAORDINARY MEDICINE IN THE WORLD This Extract is put up in Quart Bottles ; it is six times chapter, pleasanter, and warranted superior to any sold. It cures without comic ting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best

Ever known, it not only parifies the whole system, and strengthen the person, but it creates new, pure and rich blood: a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100.000 curve of severe cases of disease; at least 15.000 were considered incurable. It has saved the lives of more than 5,000 children disease of the saved the lives of more than 5,000 children disease. saved the lives of more than 5,000 children during the two past seasons.

New York, April 28, 1849.

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough. It became worse and worse. At last it raised large quantities of blood, had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short. time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thank-ful for these results. Your obedient servant, W.M. RUSSELL, 65 Catherine-st.

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the fol-lowing from an intelligent and respectable Farmet in Westchester County:

Female Medicine.

Dr. Townser d's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri. or Falling of the Womb, Costiveness, Piles, Lencorrhos, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntarily disharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes, produced by irregu-larity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become rebust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

Opinions of Physicians. Dr Townsend is almost daily receiving orders from Physicians in different parts of the Union. This is to certify that we, the undersigned, Physicians of the City of Albany, have in aumerous cases prescribed Dr. Townsend's Sar-saparilla, and believe it to be one of the most
